

Request for Change of Major

You can request a change of your declared major at anytime while you are a student at Trinity. However, please be aware, that your Academic Advisor will review your current academic progress to best advise you on the timing and choice of a new major. For example, if you have completed 44 of 50 credits in a major, it is not recommended that you declare a new major. In addition, if you are currently on academic probation (refer to the current academic year catalog for GPA requirements), you will not be able to change majors until you are in satisfactory academic standing.

Please Note: Completion of this form does not automatically remove you from classes for which you are currently registered, even if the classes are in the major from which you are changing. You must still complete the Add/Drop form and pay the appropriate withdrawal fee(s) to be removed from any class(es) for which you are currently registered.
